

BIENNALE HABITAT

“ MEDITERRANEAN WORLD HERITAGE !”

THE MISSION

1 Spread the fundamental concept that the Mediterranean is the patrimony of all, cradle of ancient Civilization who brought their arts, Sciences and knowledge worldwide, generating a continuous reworking languages, symbols, myths, whose filmings and combinations are endless

“MEDITERRANEAN WORLD HERITAGE!”

2 Imagine the Mediterranean today as great and wonderful resource for real sustainable development, only way to educate and grow in peace among the countries that compose it and considering cooperation for sustainable development between them only far-sighted policy and able to create real stability

“MEDITERRANEAN WORLD HERITAGE!”

3 Promoting the best designs for future innovation, revitalization and prosperity in full compliance with the environmental and human resources, according to new economic paradigms and with the application of sustainable technologies that have reached a great technical and technological efficiency

“MEDITERRANEAN WORLD HERITAGE!”

4 Orient and train new generations to the great opportunities that the Mediterranean can offer: not only the BluEconomy and the economies of the sea, but also all the armature which flows from protection and the enhancement of its huge and extraordinary historical, archaeological, environmental, artistic and cultural landscape around, sea Sciences and sustainable tourism and experiential

“MEDITERRANEAN WORLD HERITAGE!”

5 Helping to build a real 'policy for the Mediterranean' concrete and targeted to exploit its wealth and launch the best innovations in different sectors of the economies of the sea and culture, a policy that by its actions can generate thousands and thousands of new professions and opportunities for sustainable business activities in the coming decades.
